SUSTAINABILITY POLICY

Purpose:

Our hotel is committed to provide high quality hospitality services while operating in a sustainable manner that minimizes our environmental impact, achieve a safe and sustainable environment and contribute positively to the local community and economy.

Policy Statement:

We aim to balance guest satisfaction, environmental protection, and social responsibility by:

- Reducing energy, water, and waste through efficient management systems.
- Promoting recycling and the use of eco-friendly products.
- Supporting local suppliers and fair-trade products.
- Preserving natural resources and protecting biodiversity in our surroundings
- Engaging employees and guests in sustainability practices through training and communication.
- Complying with all applicable environmental legislation and continuously improving our environmental performance.
